DETAILED ACTION

Allowable Subject Matter

Claims 1-19 and 21 are allowed.

The following is an examiner's statement of reasons for allowance:

Currently amended independent claims 1, 7, 13, and 19 now require that the prioritized speak queue for retaining responses generated by the computer in response to spoken input from the user include "responses that can be spoken by a text to speech device". As indicated in the previous Office Action (see page 3), Wang et al. disclose base tables, dialog states, and goals are pushed onto stack 609 (equated with the claimed "speak queue"). These are representations of the state of the dialog, but do not contain any text or other information that could directly be "spoken by a text to speech device". Further, it does not appear that Wang et al. could be modified to include "responses that can be spoken by a text to speech device" in the speak queue (stack 609), because the dialog manager which utilizes the speak queue (Fig. 6) outputs semantic representations, which are subsequently passed through a language generation module (Fig. 1, 104) which generates the textual responses that "can be spoken" by speech synthesis module 105. The language generation module 104 does not utilize the speak queue.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Brian L. Albertalli whose telephone number is (571) 272-7616. The examiner can normally be reached on Mon - Fri, 8:00 AM - 5:30 PM, every second Fri off.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, David Hudspeth can be reached on (571) 272-7843. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see http://pair-direct.uspto.gov. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free). If you would like assistance from a USPTO Customer Service Representative or access to the automated information system, call 800-786-9199 (IN USA OR CANADA) or 571-272-1000.
